EDUCATION

ESSEC Business School - *Grande Ecole Program* **Cergy, France**
Master in Management 2022 - 2026

- Tested and iterated on early-stage business models, gaining hands-on experience in validation, product-market fit etc.
- **Key Courses:** Corporate Finance, Entrepreneurship, New Technologies, Law
- **ESSEC Ambassador**

Lycée Georges Clemenceau **Reims, France**
Two-year selective Preparatory Program in Economics (CPGE) 2020 - 2022

PROFESSIONAL EXPERIENCE

Atmosph'Air, *Microalgae-based Deeptech startup* **Paris, France**
Co-Founder – *Business Development & Strategy* November 2025 – October 2026

- Conducted technical, financial and competitive due diligence, identifying a critical biomass-to-biochar conversion constraint (~10%) that undermined the initial business model's unit economics.
- Rebuilt the business model, pivoting from agricultural climate-tech positioning to an industrial equipment-provider model
- Built deep technical fluency in carbon dioxide removal (CDR), biochar certification (EBC, C-Sink) and microalgae bioprocesses, working alongside researchers to assess process viability and regulatory pathways
- Initiated strategic partnerships with industrial players, Champagne houses (Laurent-Perrier) and research laboratories
- Contributed to securing €150k in funding through angel investment, public grants and non-dilutive financing

Nhood - Mulliez family group (Auchan, Decathlon), *Retail Real Estate* **Paris, France**
Capital Markets & Investment Analyst – *Apprentice Program* September 2024 - September 2026

- Conducted an in-depth review and restructuring of an institutional-grade real estate financial model to adapt it for forward-funding (VEFA) transactions, separating development and operating cash flow phases
- Underwrote the disposal of a €200M+ retail real estate portfolio, including cash-flow modelling, downside scenarios, and pricing recommendations
- Prepared investment and divestment recommendations for Ceetrus (€8bn AUM), including scenario analysis and materials presented to Investment Committees
- Led the sale process of 20 Decathlon land plots adjacent to logistics facilities, including project feasibility studies, investor screening, and preparation of process letters
- Supported the preparation of the independent Kroll WACC report for Ceetrus, benchmarking leverage and credit metrics (LTV, DSCR) and capital structure indicators against listed European real estate peers

Areka Consulting, *Business travel consulting firm* **Paris, France**
Consulting Intern September 2023 - March 2024

- Delivered a consulting assignment for Shell, involving travel data analysis and the preparation of strategic materials for senior management, covering over €300M in travel expenditures

VOLUNTEER WORK

Les Mardis de l'ESSEC **Cergy, France**
Treasurer & Active member 2022 - 2025

- Managed the budget, negotiated an ODDO BHF partnership; organised debates, incl. with minister Clément Beaune
